

## **THE JUNIOR ELITES GOLF PROGRAM**

The Junior Elites Golf Program was established for females, ages 7 to 17, to mentor and provide leadership that strengthens character, increases self-esteem, and promotes sportsmanship. The mission of this program is to engage, expose, empower and encourage these young females to acquire life skills to assist them in not only golf, but in all aspects of life. The Junior Elites Golf Program guides young females through the unique experience of learning to play golf in addition to attending etiquette, social issues, and self-esteem building seminars. The training these young females receive in this program enables them to be confident enough to reach beyond their boundaries to attempt new challenges.

The tournament benefits Elite Ladies of Expression's youth Junior Elite Program. Special thanks to our partner (Sunnyside Place Community Development, Inc.) for their support.

## Elite Ladies of Expressions, Inc.

Elite Ladies of Expression, Inc. is a 501(c)(3) organization founded in 2007 by Martha Marie Preston. At the heart of Elite Ladies of Expression's mission and vision is providing services to support initiatives that improve the quality of life, business environment, leadership, and employment/educational development for residents in the greater Houston area. Individuals who come to Elite Ladies of Expression, Inc. for services have often lived in environments where they were given little encouragement/support to reach their potential, pursue their interests, or develop important life skills. Many are first offenders deserving an alternative to incarceration program, prisoners re-entering society, individuals with mental and physical health special needs, the homeless, and individuals in need of education, training or employment assistance.

Our clients are taught that the path toward succeeding and overcoming is filled with challenges, obstacles, social/political barriers, but that cannot deter us from obtaining our mission. We must remain focused and believe we can achieve. The seed we plant with individuals we serve at Elite Ladies of Expression, Inc. is the belief that a better future is possible for their children and themselves. And most significantly, we strive to create an environment so filled with information, support, encouragement, and guidance that the community takes notice of the positive changes in our clients and becomes a cheerleader for their success.
